

Annual Report for Zee Litera Valley School (ZLVS), Bhiwani

At ZLVS, we are proud to be a beacon of excellence, shaping young minds in an environment designed for learning, growth, and holistic development. Our collective efforts and unwavering commitment continue to make us the top school in the region.

Campus and Facilities

Our magnificent campus, with spacious and well-ventilated classrooms equipped with air conditioning, ensures a comfortable learning atmosphere. We boast state-of-the-art physics, chemistry, biology, and computer labs, along with an ATL Lab for fostering innovation. The school library remains a treasure trove of knowledge, while our activity and theatre rooms ignite creativity and self-expression.

For physical and mental development, we provide a dedicated assembly ground, a national-level cricket ground, and playgrounds for football, basketball, skating, and badminton. Indoor sports facilities, including chess and table tennis, further enhance the student experience.

Academic Excellence

At ZLVS, excellence is our motto. Our curriculum is designed to instill critical thinking and problem-solving abilities. Our highly qualified teachers undergo regular training to align with modern educational needs and NEP guidelines.

This year, we also decide to introduce foundation papers for students from Class 3 onwards and collaborate with SPELL for English spoken classes to strengthen students' preparation for competitive exams.

Initiatives like storytelling sessions, doubt classes, and reading and writing weeks have been instrumental in building strong academic foundations.

Environmental Initiatives

ZLVS is committed to sustainability. Our recent steps include implementing a waste segregation system, planting over 500 saplings across the campus, and conducting awareness drives on water conservation and energy efficiency.

Sports and Co-Curricular Achievements

Our students continue to shine beyond academics. Highlights include:

First Position in Science Drama Competition at CBLU on 6th February.

Recognition at district and state-level competitions in dance, legal literacy, and cultural events.

Outstanding performance in sports, including victories in cricket, football, and badminton at inter-school tournaments.

School Management and Future Plans

The School Management Committee has actively contributed to our growth. Key decisions include enhancing digital learning tools, expanding co-curricular opportunities, and planning innovative academic initiatives for the next session.

Gratitude and Vision

We deeply appreciate the support of our parents, who remain our steadfast partners in this journey. Together, we continue to nurture talent, build strong foundations, and prepare students for a bright future.

Zee Litera Valley School, Bhiwani – Dedicated to Excellence in Education
